Accessing Google Classroom via Web Browser

Google Classroom

The easiest way for students to access Google Classroom using a web browser on a laptop or desktop, is via the C2K MySchool Portal
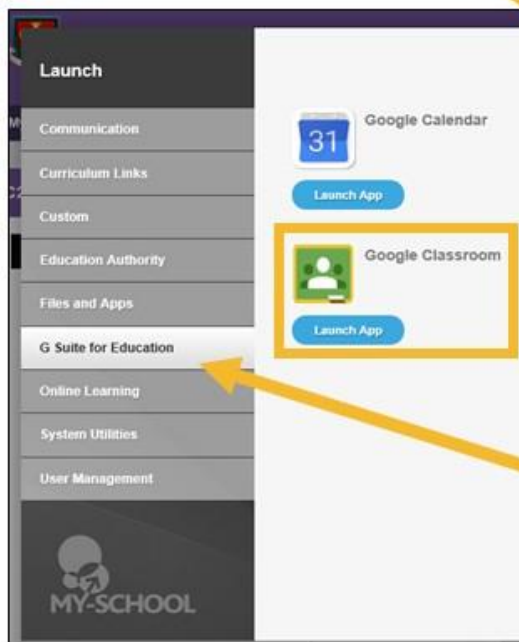

MySchool can be accessed using the following web address:

www.c2kschools.net

Students then log in using their normal school username and password.

Once on MySchool, Google Classroom can be found as follows:

Underneath 'Launch' click **View All!**

A menu will pop up – select **G Suite for Education** and then click on **Google Classroom** to open.

If students access Google Classroom via MySchool, they should automatically be logged in
